Result performance jury:

Cocacola is a stallion with a lot of charisma, who performed strongly throughout the entire performance test.

The walk is clear, with good regularity and space. The trot is active, light-footed and shown with carriage. The canter is powerful, active with good space and a lot of balance.

Cocacola has 3 good basic gaits and also leaves a positive impression with jumping. Cocacola jumps with good technique and shows power on the jump.

He jumps well with the body up, with good

reflexes and a lot of body use. Cocacola gave the test rider a good feeling. The stallion was nice to ride and shifted gears easily. The stable behavior does not mention any particularities; the stallion behaves calmly and reliably.

Breeding advice:

Cocacola can add attitude and jumping qualities, especially reflexes and jumping ability, to all-round and jumping pony breeding.

| Walk | Trot | Canter* | Posture and balance* | Talented dressage pony |
|--|---|--------------------------|-----------------------|------------------------|
| 8 | 8 | 8,5 | 8 | 8 |
| Take off | Style of jumping | Jumping ability | Talented jumping pony | |
| 8,5 | 9 | 9 | 9 | |
| Willingness to perform / willingness to work * | Obedience / level-headed / kindvriendelijkheid* | Totalscore (Total / 1,5) | | |
| 8,5 | 8,5 | 84,3 | | |

* Grade counts double in the total score
